

FOR PRESIDENT,
WILLIAM H. TAFT,
of Ohio.

FOR VICE-PRESIDENT,
CHARLES E. HUGHES,
of New York.

REPUBLICAN TICKET.

FOR CONGRESS,
Hon. JOSEPH B. BENNETT.

PEOPLE have time to listen to stories of success, but they have failures of their own.—Chicago News.

THE army maneuvers this summer are going to cost \$1,000,000. It is better this than a real billion dollar scrap with another Nation.

A NEW Ohio law requires that all gasoline cans be painted red. A good scheme and a wise law. Kentucky will copy this law in less than twenty-five years.

DOES the fact that DAVID B. HILL came forth from his Walfert Roost retirement to the resurrection of the remains of Governor CLINTON mean that DAVID B. is in the fight again?

THE Census Bureau reports that 3,962,662 cords of wood were used in the United States last year in the manufacture of paper pulp. On the site of Madison Square Garden this would make a wood pile more than a mile high. It wood, now.

"If the average woman's hair was in one strand, observes the proud statistician at the end of his figuring, 'it would be fifty miles long.' But as it is much more becoming in its present form, why labor with such figures in hot weather?—Courier-Journal.

WONDER if the Governor will study the records in that L.L.D. case, too.

WHEN the gang of desperadoes who robbed the drugstore at Rawhide, Nev., drink the results of their raid the gods will be appeased, and the nearest undertaker will have a lively day.

A DEMOCRAT of the fire-eating, unterrified school recently remarked, good and strong, too, that—

"The Republicans are not like the Democrats; they do all their fighting before they nominate their candidates, and at election time they line up harmoniously."

In that the Republicans are like the MULCAHYS—they fight among themselves, but woe unto any one else who tackles the family.

RECENT dispatches indicate that the civil war which has been dragging on for a long time South of the Ohio river is now spreading into the regions North of that stream.

The Trend of Lawlessness Alarming.

So outrageous have been the raids of the "night riders" in Ohio and Indiana that State troops have been called out and bodies of minute men organized to repulse the brawling bands of incendiaries, robbers and murderers.

The failure of the Kentucky authorities to cope with the situation has doubtless emboldened the marauders to extend their nefarious activities to other Commonwealths, and half the Mississippi Valley may be in a state of civil war ere long.

Must the United States become a great military power in order to protect its citizens against themselves?—New York Tribune.

ANXIOUS TO TAKE NEW LINE.

Green Bay (Wis.) Review.

A St. Louis paper contains an advertisement which states that agents can make from \$25 to \$40 per week handling Mde. McCabe's corset.

We have a pretty good job now editing The Review, but if the lady doesn't wear over size 34, and will send particulars, we might consider the proposition.

Mr. Harry Tolle, formerly with the Ohio River Lumber Company, has accepted a position with the Maysville Manufacturing Company in West Second street.

ST. PAUL, MINN., June 7th.—James Dugan, 52 years of age, at one time owner of stables in Louisville, Ky., the trainer some of the fastest horses on the Southern turf, committed suicide here today.

ALL FOR TAFT

In the Preliminary Contests at Chicago—Allies Desperate and Are Hatching Trouble

All doubts about the nomination of Secretary Taft at the Chicago Convention have been removed by the action of the Contest Committee deciding all claims in his favor and he will be named for President on the first ballot.

Representatives of the allies will introduce no more evidence in the contests at Chicago, and will make a formal protest to the Republican National Convention on the manner in which they are being ignored by the dominating elements in the party. Senator-elect W. O. Bradley has been selected as their spokesman before the Convention.

RESTORED TO DUTY

Private William E. Clark Again a Member of the Army.

The following has been received by Mr. James Downey, and will be of interest to the young man's relatives and friends in this city:

REGULAR LOVE FEAST

Was the Democratic Convention Here Saturday—Instructed Delegates For Bryan

The Democratic Convention Saturday afternoon in the Court-house was attended by less than a hundred of the faithful, and was in the nature of a Billie Bryan love feast.

Hon. S. A. Shanklin presided over the deliberations of the meeting with dignity and with a full knowledge of the honor thrust upon him in his selection as Chairman of the assemblage.

Resolutions expressive of sympathy for the farmers in their struggle with the Tobacco Trust were unanimously adopted; also, that the delegates to the State Convention at Lexington vote as a unit in casting Mason county's vote for the "Peerless One;" and, further, that all known Democrats be made delegates.

The delegates go uninstructed as to a choice for delegates to the National Convention at Denver, that being a matter that can be attended to at the Convention Hall.

The meeting was harmonious throughout, and adjourned feeling good one with another.

TOBACCO TROUBLES

Multiplying in Ohio and Kentucky—Troops and Night Riders Both Getting Busy

HOPKINSVILLE, KY., June 6th.—Hearing that warrants of arrest had been issued for them on the charge of being members of the band of night riders who whipped John Wicks, a tobacco buyer, last year, A. J. (Capt.) Jones, Y. G. Gibson, Omar Barnes and Byron Henderson came here this morning and surrendered to authorities and were released under \$1,500 bond each. Warrants of arrest were sworn out in the County Court and cases will be presented to the Grand Jury now in session.

W. L. Krone, County Attorney of Lyon county, is on his way back from Frankfort, where he had been in consultation with the State authorities on the conditions in Lyon county resulting from the night riders' raids.

Mr. Krone says the state of affairs in his county is very serious and that he and the County Judge are in constant danger of assassination, owing to the fact that they have taken strong measures for the suppression of night riding.

RIPLEY, O., June 6th.—Clarence Holden and William Devore are under arrest for scraping the tobacco beds of Lee Jones, four miles from Higginsport. After the beds were destroyed a threatening notice was placed on a stick in the center of the bed. The \$1,000 bonds asked have not been furnished.

Two additional companies of the First Regiment may be ordered out almost any hour to aid the troops now guarding property in Brown and Clermont counties. Unofficial information was received here yesterday from Columbus intimating that these extra forces would be necessary by reason of the recall of Troop B. It is regarded as being fairly reliable.

Military authorities claim the Infantry now on duty will be unable to cover the territory heretofore guarded by the Cavalry. Companies A and I of the First Regiment have been performing Cossack work since last Wednesday morning.

The Ohio troops who are patrolling the District infested by night riders say they are tired of temporizing with the night riders and hereafter they will shoot to kill.

The State Troops have been withdrawn from Montgomery county, all tobacco plants having been set out.

FRANKFORT, KY., June 6th.—The Kentucky soldiers have been co-operating with the Ohio troops in handling the tobacco situation in Bracken county and the Ohio counties which have been raided by night riders. Several conferences have been held by the heads of the troops in the two States and they hope to break up the bands which have been operating in Kentucky and Southern Ohio. It is expected that a man under arrest in Ohio, who made a confession, will implicate men in Kentucky and requisitions will be asked for from the Governor of Kentucky. Governor Willson will honor these requisitions and it is expected that several Kentuckians will be placed on trial in Ohio for night riding.

**NO. 3 TRAIN ON C. and O.
IS TWICE DERAILED**

**Engineer Who Was Passenger
Jumps From Window and
is Fatally Hurt**

HINTON, WEST VA., June 7th.—Train Number 3 on the C. and O. Railroad, en route from New York to Cincinnati, was in two wrecks near here today, the first occurring at Whitcomb, where five coaches, including the sleeper, left the rails. No one was injured.

The second derailment took place at McKendree, sixty miles west of Whitcomb. The derailment was caused by the first sleeper leaving the tracks. James Malone, engineer on the C. and O. who was a passenger, jumped through a window when the sleeper in which he had been riding left the rails. He received fatal injuries.

Three other passengers were slightly injured.

WAR FOOTING

**Of American Navy Now Numbers
Nearly 200 Vessels**

The Naval Appropriation Bill for the fiscal year 1909 carries about \$123,000,000—the largest sum ever voted by Congress in a single session during time of peace for the fleets of this Nation—nearly \$8,000,000 above highest previous record.

It provides for two new battleships a year indefinitely and increases the pay of every officer in the Navy a flat \$500 a year and the pay of enlisted men 10% all around.

This will not only increase the fighting force but the efficiency of the personnel and will do much toward retaining in the service valuable sailors who are tempted to resign and desert because they earn so much higher wages in civil life.

We have now built, building and authorized 195 vessels, all of them ordered since Mr. Foss

has been a member of the Committee, at a cost of about \$350,000,000 as follows:

Battleships.....	31
Armored cruisers.....	12
Coast defense vessels.....	11
Cruisers, all types.....	49
Destroyers.....	31
Torpedo boats.....	32
Submarines.....	28
Total.....	195

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

BRYAN THE BOSS BUTTER-IN

**How a Well-Known Lexington Democrat
Lambasts and Sizes Up the Ever-
lasting "Peerless One"**

The following article, taken from The Lexington Herald, is a little old, but it is applicable to the political situation now.

To the Editor of The Lexington Herald: As to old John Doe in the common law days every demise was made and every action of ejectment proceeded vicariously in his name so, it would seem, Mr. Bryan thinks that he is the John Doe to whom the Democrats have demised all power, and that all Democratic action must proceed vicariously through him, whether it be to eject the Republicans from the possession of the National offices and the control of National affairs or to settle Democratic family affairs among themselves, such, for instance, as the election of a United States Senator by the Democrats of the Legislature of Kentucky.

Fact is that "down in Old Kentucky" "Things have come to a h—ll of a pass, And a man can't wallop his own Jack-ass, Then bridle his donkey and go his way, Unless Mr. Bryan has first had a say."

We have been led to these few incongruous remarks by the fact that today Mr. Bryan will appear before "and urge the Democrats of the Kentucky Legislature to elect Governor J. C. W. Beckham to the United States Senate."

This seems not only an undignified procedure on the part of one who has been the twice defeated candidate of the Democratic party for the Presidency of the United States, and is now an avowed candidate for a third nomination but, also, evinces a want of those high ideals and of that refinement of perception which should characterize a man who aspires to the high office of the Presidency of the United States; in other words, it is, to say the least, an act of unseemly interference and an unwarranted effort to influence the opinions and official action of gentlemen who are presumed to be honest in their convictions,

courageous in the assertion of them, and as capable of forming their opinions, doing their own thinking, as he is, and who alone, not Mr. Bryan, are responsible to their constituents for their action.

Mr. Bryan seems to forget, or what is more probable, to be indifferent to the fact, that he is not even a citizen of Kentucky and, therefore, has no voice in the administration of her domestic affairs; that he is, in fact, an intruder thrusting himself most unwarrantably into other people's affairs, when tested by the customary standard of good taste and good breeding.

There is not one of those six or seven gentlemen, whose votes he has been imported to influence, who is not fully as capable of doing his own thinking as Mr. Bryan; indeed, it is pretty generally recognized that as a thinker Mr. Bryan is by no means a success; hence, for him to voluntarily constitute himself the mentor of those gentlemen seems somewhat presumptuous, and they doubtless will, as they would be fully justified in doing, resent such presumption.

If we may forecast the outcome of his present by the outcome of his former vote-seeking visits to Kentucky it is not difficult to foresee the results.

Kentucky had never gone Republican in a Presidential election until Mr. Bryan stumped the State in 1896. His next campaign was during the Goebel-Taylor race, when the popular majority was something over twelve thousand against the candidate whom he supported. His last campaign was in 1907, which resulted in turning the State over to the Republicans by a majority of something over eighteen thousand. On each of those occasions he was imported into the State by and for the benefit of the same individuals in response to whose Macedonian cry he now comes. The bets today are five to one that there will be the same old results. T.

CONFIRMED PROOF.

Residents of Maysville Cannot Doubt What Has Been Twice Proved.

In gratitude for complete relief from aches and pains of bad backs—from distressing kidney ills—thousands have publicly recommended Doan's Kidney Pills. Residents of Maysville who so testified years ago now say their cures were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Maysville kidney sufferers.

Mrs. John T. Wallingford, 108 Commerce street, Maysville, Ky., says:

"Doan's Kidney Pills have been used in our family with most beneficial results, and it gives me pleasure to corroborate the testimonial given in their favor some years ago by Mr. Wallingford. As stated then, he suffered a great deal from backache, failing to obtain relief from any of the remedies which he used. Hearing Doan's Kidney Pills highly spoken of, he obtained a box from J. Jas. Wood & Son's Drugstore, and had only taken them a short time when a complete cure was effected. The fact that he has remained free from any recurrence of the trouble is sufficient evidence of the sterling value of this remedy. I have also used Doan's Kidney Pills and they have always afforded me the same relief as they did my husband."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

UNION LEAGUE

Meeting Friday Evening at the Forest Avenue M. E. Church

One of the most enthusiastic meetings of the Union League of the Christian Endeavorers was held Friday evening at the Forest Avenue Methodist Episcopal Church.

Quite a large delegation of Christian Endeavorers was present.

After several inspiring songs had been sung, the President, Mr. Harry Richardson, gave an address on "The Place of the Union in the Young People's Work."

Mr. James B. Wood followed with an earnest plea to the Endeavorers to live true to their Pledge.

Mr. George H. Frank emphasized the value of the social side of the League.

Mr. Hockenberry favored the Endeavorers with a solo, while the Quartette, composed of Messrs. Clark, Bunton, Richardson and Bowden, gave several selections during the evening.

Miss Allene Glascock presided at the organ, accompanied by Mr. Win P. Bowman, cornetist.

Before closing Mr. Richardson announced that the meetings for the summer would be of a social nature.

The managers of Parks Hill Chautauqua have decided not to hold the intercollegiate oratorical contest this season. The contest has not proved to be the drawing card that it was first believed it would and but few persons were attracted to the Chautauqua on the day of the contest. The management is considering holding a High School oratorical and declamatory contest in place of the intercollegiate. Should the High School contest be decided on, Maysville, Owingsville, Paris, Mt. Sterling, Flemingsburg, Carlisle and one or two other schools in this section of the State would be asked to send representatives.

The painful news came this morning of the death of Mrs. Samuel F. English, which occurred about 1:30 o'clock at her home at Crescent Hill, Louisville. Mrs. English had been in a Hospital at Louisville, where she had undergone an operation.

Mrs. English was formerly Miss Lida Owens, daughter of the late Colonel Frank S. Owens of this city, and was one of the most charming and accomplished leaders of Maysville society.

The news of her death will be learned here with deep regret, where she was much loved and admired.

Her brothers, Messrs. Robert B. and Harry B. Owens, left this morning for Louisville.

It is not yet known as to where the interment will take place.
